Ref: TownRock Support on the Grangemouth Energy Project

Dear David,

I would just like to thank both you and your team for supporting the delivery of the Grangemouth Energy Project. As we both know it was a very challenging piece of work in an exciting and fast developing sector your technical input and expertise with a particular focus on Geothermal Energy was invaluable.

Throughout the project I was impressed with the professionalism and quality of the work that you produced and even more so by the dedication and commitment you and Raymond demonstrated, you really did go 'the extra mile'.

Within Mace we are always striving to find a better way while keeping a focus on meeting the demands of our clients something that was also clearly evident in the approach of TownRock Energy.

I look forward to working with you again in the future and wish you good fortune as you continue to grow the business.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Euan Harrison", with a long horizontal flourish extending to the right.

On behalf of Mace Group Limited

Euan Harrison
Operations Director - Utilities
